

## NORTH CHARLESTON CANDIDATE SURVEY

**NAME:** Chuck Stall  
**OFFICE SEEKING:** North Charleston City Council, District 3  
**WEBSITE:**  
**EMAIL:** cstall@comcast.net

---

### **PRIORITIES: What are your top three priorities and why?**

My top three priorities are: Crime prevention, infrastructure, and resident/customer service. Crime has been a problem in our area and the entire city for years. We have been ranked among the most dangerous cities in FBI statistics and we need to make our city safe. WE need to improve drainage, streets, sidewalks, and road signs. We need to improve resident/service within city departments so citizens can request a service and that it be responded to in a timely manner.

### **GROWTH: Charleston is experiencing overdevelopment that is pushing people into North Charleston. What is your plan to accommodate growth while keeping neighborhoods intact in North Charleston?**

I think we will have to do a comprehensive study to see where in North Charleston we can develop affordable housing that would be close to public transportation; We need to maintain historical neighborhood if possible. We also need to be mindful of overdevelopment that caused housing issues in our city.

### **SAFETY: North Charleston has been ranked one of the nation's most violent cities in recent years. While the crime rate has come down, what will you do as a city council member to make the city safer for families?**

I would work with the council to urge them to give the police department what they need to make our city safe, to remove the criminals for our city or put them in jail. This may

mean mor police officers, and cameras installer din high crime areas. Whatever it takes to make our city one of the safest cities to visit.

**COMMUNITY: If you had an extra \$100 million to spend over five years to make North Charleston a stronger community, what one thing would you invest in and why?**

I would invest the funds into making the city of North Charleston one of the safest to visit. High crime in our city is still present and we need to invest more into our law enforcement and work with local community leaders to get them to work with city council to accomplish of making our city safe.
